

**PINPOINT  
TESTING**

# **TOXBOX<sup>®</sup>**

Making Toxicology Easy

**Pre-Aliquotted Calibrators,  
Quality Controls, and Internal Standards  
manufactured with NIST traceable  
ISO 17034 Materials.**

Spend less time preparing reference materials and more time reporting results. Decrease sample prep time by 30-40% by implementing ToxBox<sup>®</sup> into your workflow.

## **COMMON ANALYTES**

- Alcohol Biomarkers
- Anticonvulsants
- Antidepressants
- Antihistamines
- Antipsychotics
- Barbiturates
- Benzodiazepines
- Sedatives
- Cannabinoids
- Dissociatives
- CNS Stimulants
- Opioids & Opiates
- OTC Drugs
- Narcotic Analgesics

**CUSTOM &  
VALIDATED PANELS  
NOW AVAILABLE**

## CUSTOMIZABLE PLATE LAYOUTS

	1	2	3	4	5	6	7	8	9	10	11	12
A	IS + Cal. 1	IS + Cal. 9	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample
B	IS + Cal. 2	IS + QC_Blank	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample
C	IS + Cal. 3	IS + QC_1	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample
D	IS + Cal. 4	IS + QC_2	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample
E	IS + Cal. 5	IS + QC_3	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample
F	IS + Cal. 6	IS + QC_4	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample

H	IS + Cal. 8	IS + GLC	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample	IS + Sample

*\*The layout shown is an example; the placement of calibrators, quality controls, and sample wells will be tailored to meet specific laboratory requirements.*

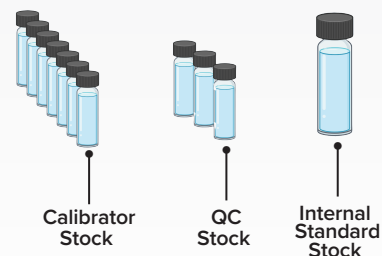

ToxBox® is a customized solution amendable to your current methods and throughput. Labs can customize their configuration - change number and concentration of calibrators, QCs, and internal standards.

Formats include 96 or 48 well layouts in full or partial plates. Analytical Solution sets also available - see below.

## ADOPT TOXBOX® INTO YOUR LAB

- Reduce errors from routine processing
- Reduce waste, costs, & quality failure rates
- Lower administrative & operational burden
- Increase lab throughput
- Onboard new technicians quickly & efficiently
- Issue more reports

### ToxBox® Analytical Solution Sets

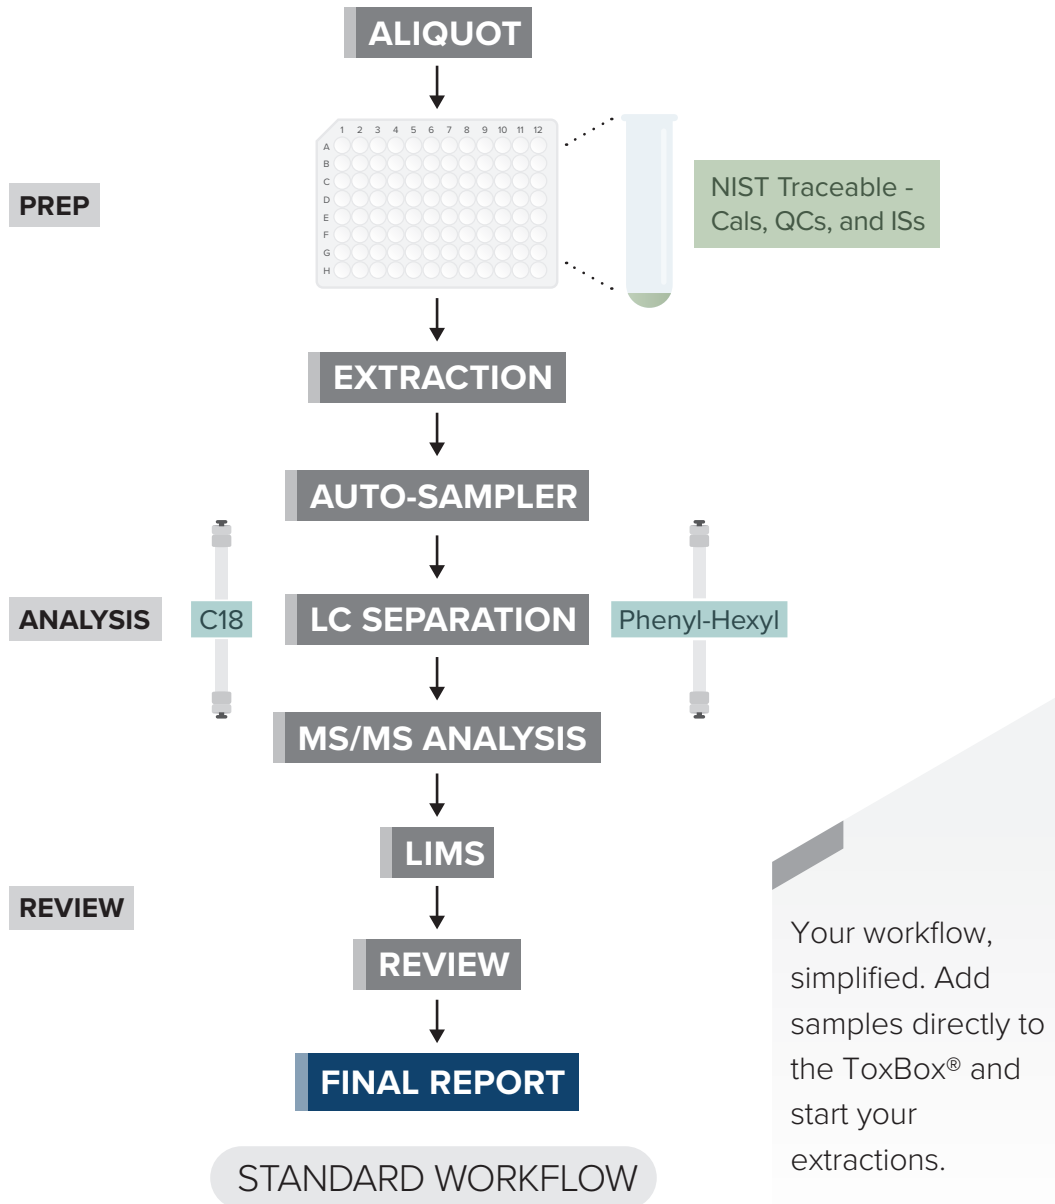

## TOXBOX® FEATURES

Pre-Plated calibrators, QC's, internal Standards

Fully customizable layouts & contents

ISO-17034 – NIST traceable CRMs

URINE OR BLOOD  
SAMPLES

LEARN MORE AT [PINPOINTTESTING.COM](https://pinpointtesting.com)

β-Glucuronidase & SLE plates (where applicable)

Extraction Kits available for Blood, Urine, & Oral Fluids

Thousands of analytes to choose from

## TAKE OUR DATA CHALLENGE

We'll provide you with a custom ToxB<sup>o</sup>x<sup>®</sup> at no cost, with a guarantee that data will match or exceed the quality of what you currently receive. Just send your SOP, and we'll deliver a pre-plated ToxB<sup>o</sup>x<sup>®</sup> containing your calibrators, QCs, and internal standards. Let the results speak for themselves.\*

*\*Restrictions may apply*
